

Laser Spectacular Frequently Asked Questions

. "Is there a live band?" – Answer: The show is set to the original master recordings of Pink Floyd. It is a multi-media show that includes, laser, large screen video projections, lighting and special effects. The Pink Floyd Laser Spectacular is a totally different experience than one sees while watching a Pink Floyd Tribute Band.

. "Which Pink Floyd songs are included in the show?" – Answer: The first half is the complete DSOTM Album / The second half is the BEST OF FLOYD, which includes the WALL, some of the EARLY DAY FLOYD and the 80's & 90's PINK FLOYD. If you are a Floyd music fan, you will love the songs we have included. We use the Original Master Recordings, so it sounds awesome! Hope to see you there!

. "How long is the show?" – Answer: two hours and 5 minutes (with one 20-minute intermission).
